

The **Regional Challenge Fund for the Western Balkan 6** economies aims to increase the employability of VET students by reinforcing a dual training approach. The funding of projects put forward by consortia between VTIs and companies will be allocated based on a competitive selection process. It is financed by BMZ via KfW and implemented by the Chamber Investment Forum (CIF). The CIF has charged a consortium led by IPC GmbH and PLANCO Consulting, supported by swisscontact and KPMG Bulgaria, with the management of the project.

For the project team we are looking for a **National/ Regional Technical Expert for Equipment/ Supply for VET schools (f/m/d)**.

Your tasks

- Conducting site visits to VET schools to discuss the equipment needs put forward by the school and assess those needs
- Writing technical specifications for the procurement documents
- Monitoring the delivery, installation and proper use of equipment
- The position is part time; the precise number of working days will depend on the fields covered by the expert and the number of schools in need of support

About the project

- The objective of the project is to increase youth employability and boosting the competitiveness of enterprises in the project countries mentioned above
- Consortia of VET providers and companies apply to get funding for their dual programmes; this funding includes financing of equipment for VET providers

Requirements

- You have 10+ years of working experience in assessing and specifying equipment and supply for VET schools in at least one of project countries: Albania, Bosnia & Herzegovina, Kosovo, North Macedonia, Montenegro, Serbia
- You have experience in similar assignments and in assessing the suitability of equipment for VET schools and writing specifications in at least one of the following technical fields: ICT, furniture for (VET) schools, mechanical engineering and metal processing, textile engineering and leather industry, logistics
- You are fluent in at least one of the regional languages and in English
- You are currently residing in one of the project countries

Please send your CV and a brief email outlining your availability and current place of residence to hr@ipcgbh.com with the subject "Technical Expert for Equipment/ Supply".
