

IPC – Internationale Projekt Consult GmbH ([www.ipcgmbh.com](http://www.ipcgmbh.com)) is a provider of advisory services to financial institutions and education providers in transition economies and developing countries. Our activities are concentrated on three main areas: Development Finance, Environment and Energy, and Training and Skill Development. Our most important partners and clients include KfW, EBRD and GIZ, as well as regional development banks and local commercial banks.

For our Climate Action and Green Transition team, supporting financial institutions worldwide in the area of climate mitigation and adaptation finance as well as in environmental management aspects, we are currently looking for a highly motivated student assistant, which is interested in building a greener financial sector:

### **Student Assistant - Climate Action and Green Transition (f/m/d)**

Location: IPC Head Office in Frankfurt am Main

#### **Your tasks**

You will support our consultants in the Climate Action and Green Transition team with the implementation of green/climate finance projects and environmental and social management systems (ESMS), particularly in financial institutions. Your responsibilities will include:

- supporting our consultants in their daily work, including:
  - supporting the implementation of environmental and social management systems in the financial sector
  - supporting the development of environmental and social risk management tools
  - conducting research support tasks (e.g., conducting interviews, data collection and analysis, etc.) during project acquisition and implementation
  - conducting research on current affairs, events and news in the field of climate change and environment
  - supporting the development of high-quality knowledge and training products
  - maintaining and further developing current data bases for our clients (mainly environmental data)

#### **Your profile**

You are very much interested in development co-operation, climate change and environment related-topics, and have the following qualifications:

- You are a Master student in environmental science or environmental engineering; **alternatively** master student in economics or finance with intrinsic interest in environmental aspects of the financing industry
- You have experience in the field of environmental climate change mitigation or adaptation
- You have willingness to deepen understanding in the field of environmental impact assessments and/or implementing environmental and social management systems
- You have working experience in either consultancy or financial sector is an advantage
- You have very good command of Microsoft Office programmes, in particular Word, Excel and PowerPoint
- You have excellent command of French and English

If you are looking for an interesting and multifaceted job in a multicultural and dynamic work environment, we look forward to getting to know you.

Interested? Then we look forward to receiving your application (Brief motivation letter and CV in English), subject: **“Student Assistant – Green Finance (f/m/d)”** by e-mail by 6 November 2023:
